Objectives

The Governors recognise the following principles, namely that:

- 1) the school premises represent a significant capital investment and should be fully utilised to attract funds to use for the benefit of pupils and the school;
- 2) the premises are a valuable community resource;
- 3) a profit margin would be welcome when derived from individual or organisation usage.

a) Applications for Designated Status

The Governing Body reserves the right to determine those individuals or organisations they deem suitable to allow rent the premises. The Governors will review this list each year in September / November for the purpose of deciding whether an individual or organisation hire is still appropriate. At other times of the year applications for use of the school premises will be dealt with by the Governing Body on an 'as and when' basis.

The Governors have decided that for the purpose of charging, there will be four categories of users.

These are: St Andrews Southgate Parent Teacher Association, educational groups, local community groups and church groups

b) Conditions of Hire

The Governors' have adapted the terms and conditions from The Diocese of London Board for School (LDBS) which are listed in the Appendix 1.

c) Administration of Letting

The Governors recognise they have a responsibility to vet applicants and organisations who wish to make use of the school premises. Accordingly, they have delegated the authority to accept applications for hire to the following persons:

- 1) Resources Committee
- 2) Headteacher

d) The Administrative Process

Those seeking to hire the school premises should approach the Headteacher (or other designated member of staff), who will identify their requirements and clarify the facilities available.

All formal hiring of the schools premises, including those for which no charge is made will be properly documented. All hirers must complete a lettings form, read and sign the terms and conditions of hire (see Appendix 1). The terms and conditions of hire is a contract which the Governors may enforce at law.

Once it has been decided to proceed with the letting, a letter of confirmation will be sent to the successful applicant. The letting should not take place until the signed agreement has been returned to the school. The person applying to hire the premises will be invoiced for the cost of the letting, in accordance with the Governing Body's current scale of charges.

e) Variations

No individual or organisation is allowed to vary the terms and conditions on which the school premises are hired, nor to deviate from the Governors' published charging policy.

f) Value Added Tax

The Governors are constrained by law to apply value added tax to all transactions where this is appropriate.

g) Charges for a Letting

The Governing Body is responsible for setting charges for the letting of the school premises. A charge will be levied which covers the following:

- 1) Cost of services (heating, lighting and catering);
- 2) Cost of staffing (additional security, caretaking and cleaning) including “on-costs”;
- 3) Cost of administration;
- 4) Cost of “wear and tear”;
- 5) Cost of use of school equipment (if applicable);
- 6) Fee in lieu of use of premises, i.e. a rental value.

In order to achieve full cost recovery, the School Business Manager, Site Manager, Energy Service provide should calculate costs using school financial and energy costs based on actual room sizes. Charges will increase by 2% every April.

Where there are multiple lettings taking place at the same time, the costs for services and staffing will normally be shared between the various Hirers.

The specific charge levied will be reviewed annually by the Resources committee (or alternative, as appropriate), for implementation from the beginning of September/November of the academic year. Current charges will be provided in advance of any letting being agreed.

The Governors are mindful of their responsibilities in safeguarding the school from bad debt. Therefore payment at the time of booking is the norm. Cheques or direct debit are both acceptable. Full payment is expected at least two weeks before the due date for use of the premises. This is to ensure all cheques are cleared by the bank. Failure to do so will mean that no further use of the premises can be made until such costs are paid in full. Legal proceeding will commence in cases where such payments are not forthcoming.

All letting fees which are received by the school will be paid into St Andrews Southgate School bank account, in order to offset the costs of services, staffing etc. (which are funded from the school’s delegated budget). Income and expenditure associated with lettings will regularly monitored to ensure that a least a “break even” situation is being achieved.

The school must ensure that the Hirer has ensured that the number of persons using the premises does not exceed that for which the application was made and approval given, and that all terms and conditions are being adhered to, including responsibility for payment of all fees or other sums due in respect of the letting.

The Governors will be willing to consider special charges for long term bookings based on their economic viability and compatibility with schools objective.

A formal agreement, exchange of letters or an invoice will be sufficient evidence.

Provision or a refund in the event of unforeseen non-availability of the facility will not break the Condition, but provision for a refund in other circumstances will .
